Plan: 1 Oct → 18 Nov · Exam 19 Nov 2026 · English edition

49
days to exam

How the plan is built

Three phases · 49 days

DAYS 1–31

Block revision

10 revision blocks, each sealed by a minor test.

DAYS 32–47

Full-length tests

5 full-length, exam-timing tests, each followed by a review day for your error log.

DAYS 48–49

Taper

Rapid high-yield revision and a light final day. Rest days follow until the exam.

DESIGN PRINCIPLES

- **10 revision blocks** — The syllabus splits into 10 blocks, each sealed by a minor test.
- **Minor tests · block-wise** — Each minor test covers the block you have just revised (50 Q · 1 hour).
- **5 full-length tests** — 5 exam-pattern, exam-timing full tests alternate with review days in the final stretch.
- **Review, then re-revise** — Every full test is followed by a review day — log mistakes, re-revise the weak units.
